HOUSE TOURS

Austin-based photographer Casey Dunn teamed up with writer Helen Thompson to publish *MARFAMODERN: ARTISTIC INTERIORS OF THE WEST TEXAS HIGH DESERT*. (We're no strangers to Dunn's talent: He shot our "10 Most Beautiful Homes" feature in 2014.) The handsome coffee-table book highlights 21 inspirational interiors in the minimalist mecca—including a former Texaco service station-turned-residence and a chef's home that was made mostly by hand. \$50/Mecor
